

## The first map of Cornwall

Who you speak to regularly, it stands, where each shape represents a person. These maps help us understand the health and well-being, and that of the community and will help us think of ways to

When we make these maps, we won't be using any names (either yours, or anyone else's). It won't be possible for anyone to identify any people from the maps.

For further and more details about the project in the next month. We hope you will join us on this kind in Cornwall

## Talkback feature allows you to listen rather than read

Ever had a hard time reading text on your computer? If your answer is yes, then we have a solution for you. Your tablet computer is fitted with a Talkback feature.

Read-written texts from your computer screen. It is an innovative idea which is helpful and vision but also to anyone with a desire to listen instead of read.

By opening the Settings from your tablet's main screen, then choosing Advanced settings, then selecting Accessibility from the options that appear on the right. Talkback is then selected from the menu and sliding the switch to the right to On.

It will start with a series of short tutorials aimed at guiding you through how to use the Talkback feature and practice activities. To make the Talkback feature as user friendly as possible, you have the text-to-speech output options that will allow you to listen to the Talkback voice.

Contact with this please feel free to contact your technical support at South Community. You have any ideas for further apps that maybe of interest to fellow Smartline users. Please email [ideas@swahc.com](mailto:ideas@swahc.com)

It is Cornwall by the European Union. In order to help local businesses develop new job opportunities in the county.

## INDOOR AIR POLLUTION RESEARCH

How your data will advance our understanding

## UPCOMING EVENTS & OPPORTUNITIES

We have a number of exciting activities for you to take part in

There is a lot going on within the Smartline Project as we aim to showcase recent activities plus we have a number of you to get involved with over the coming months.

Most recently we handed out over 170 tablet computers, this issue, and in the next few weeks we will start to come to the tablets. Please take the time to answer surveys when they come and will help our research.

Following your feedback, a number of community activities morning has been re-established at Camborne Public House at Trelowarren Court arm chair exercises are being organised. A being developed for Cornwall Avenue to include a new and some new beds, and community expenditure seen Cornwall Association.

If you would like to get involved in any of the Smartline project contact Karen via [Karen@volunteer-cornwall.org.uk](mailto:Karen@volunteer-cornwall.org.uk) or 01752 200000

As well as community events there are also opportunities research activities. Inside the newsletter you'll see a number of activities there will be an opportunity to participate in autumn which will add greater depth to our understanding. September newsletter will have more details.

Over the summer the Smartline Team will be recruiting new members or neighbours would like to join, please ask if you are interested and speak to the Smartline Team.

We hope you enjoy the newsletter and find it informative. We will send you the electronic version of the newsletter if you would prefer to receive paper copies of the newsletter. Emailing [Smartline@swahc.com](mailto:Smartline@swahc.com) or calling us on 01872 200000
