

# Smartline story

Using home sensors and tablet computers  
Smartline will create a digitally  
**connected community** amongst the  
**350** households within Cumberne,  
Pool, Redruth and Kilgarn.

## Community

## Enterprises

Work with Cornish enterprises  
next generation of smart  
improve wellbeing in the  
future, based on the **needs**  
and the data collected  
Smartline participants.

## Research

Smartline brings together  
interdisciplinary team of  
economists, geographers, m  
and sociologists to **explore**  
for business **innovation** to  
and wellbeing
